

TECHNICAL DATA

BR-1000

Low Odour Bitumen Remover & Heavy-Duty Degreaser

DESCRIPTION

BR-1000 is a concentrated solvent-based degreaser that provides high strength cleaning and degreasing power. This product is a special blend of natural solvents, synthetic hydrocarbons and a proprietary blend of wetting agents. **BR-1000** does not have the toxicity and strong odours associated with petroleum-based solvents.

BR-1000 can be used to effectively remove

- Carbonized residues
- Oils, heavy greases and pipe dope
- Oil Sands, Heavy bitumen deposits

FEATURES

- Phosphate free
- NTA and EDTA free
- APE (alkylphenol ethoxylate) free
- Non-flammable
- All components are biodegradable
- **Very low freezing point (< -35 °C)**
- Flashpoint of 75 °C (Pensky-Martens Closed Cup)
- Not TDG Regulated

DIRECTIONS

BR-1000 can be applied by low-pressure pump sprayer, brush or mop to the area to be cleaned. It is recommended that the area be rinsed with a high-pressure washer or steam pressure system. The odour of **BR-1000** is preferred to the common petroleum based degreasers and makes **BR-1000** easier to use in enclosed environments.

Heavy Duty Degreasing: Spray product on undiluted and then allow 5-10 minutes to work before rinsing with hot water or steam.

PRECAUTIONS

Do not take internally. Avoid contact with eyes and prolonged contact with the skin.

CONTAINS

Synthetic Hydrocarbons and Proprietary Wetting Agents.

FOR INDUSTRIAL USE ONLY
